Neil Franklin

The laurels - wratting road - haverhill

we will organise UK Power networks to come out with us on site .
There will be 3x men on site with a cherry picker as the tree is not safe enough to climb

we will also use road traffic management to keep pedestrians and road traffic safe from the over head works.

Any questions please just ask .

we are Fully Insured & NPTC qualified

Description

1x (large) Oak tree - to be pollarded to around 8-9 meters in height to make safe and to enhance growth .

(all waste and logs to be removed from site)

(South side of tree has died and the rest is in major decline , which is around 50% of the trees canopy at the moment.

Unknown cause ? .
