Comment Reasons:

Comment: The business 'Marble Grill' is currently residing in very close proximity to my residential address on Brook Service Road. As a resident of this area, I fully appreciate the concerns other residents of the High Street and Queen Street hold regarding noise and pollution and how this can impact daily life.

However, the owners of Marble Grill (those that have submitted this application) have been nothing but respectful, friendly and approachable. There have been no issues with parking, noise, pollution or litter; and I am assured that should there ever be any issue of such kind, the owners would endeavour to deal with them swiftly.

Behind this application are hard-working members of our community, and as a community we should support their right to grow their business, which ultimately serves the town. It will be a great benefit to the town centre to see a currently empty property (sadly one of many), turned into a small thriving business run by local people.
