Penny,

We have reviewed our position and as long as the landscape and Ecological Management Plan (LEMP), the Ecological Implementation Plan (EIP) and Biodiversity Monitoring strategy (BMS) are implemented in full and secured through condition, we have no outstanding objection with regards to impacts on hazel dormice.

Kind regards

Simone

Dear Jacob and Simone,

Please see the attached response from the applicant to the current objection to approach to Dormice.

I would be really grateful for your thoughts on this. Are you happy for me to do this through this email or shall I send a formal reconsultation on these for you?

Kind regards,

Penny
