Please be advised this application for access is non viable for existing Wilsey residents.

- 1) The main Chalkstone Way access road for the Wilsey estate is already traffic calmed and congested at various times during the day
- 2) The addition of 2500 properties equating to say @ 2 cars per property means another 5000 vehicles that could be using this road totally impractical.
- 3) The infrastructure of this town is already at breaking point, it CANNOT possibly support this size development and associated access issues.
