Comment: This development will place a considerable strain on an already stressed local infrastructure. The development encroaches on the parish of Kedington. I would like the existing woodland to be preserved. If this development goes ahead there should be a thicker woodland buffer along the perimeter, an enlarged managed woodland neighboring Wilsey farm encompassing the existing mature oaks. And protection of the ancient route between kedington and haverhill with a thicker belt of trees. There also needs to be more investment into health care.
