Subject: Objection to size if Grwat Wilsey Park development

To whom it may concern,

Please can I express my objection to the size of the proposed Great Wilsey park development. I believe this will have considerable negative impact on access to services of those already in Kedington (including my family) and Haverhill. I would like to request implimentation of the Kedington action group which include a thicker woodland buffer with a woodland chase right of way along the development's perimeter. A woodland trust to manage the newly established woodlands. Enlargement of the woodland neighbouring Wilsey farm, encompassing mature oaks. Areas of woodland to be used for education activities. Protection of the ancient route between Kedington and Haverhill wih thicker belt of trees.

Our village is very special and we see many issues with such an ill thoughtout expanse of housing in one place. transport to areas of employment are already under pressure and the housing should be spread between all towns not just ours.

Yours sincerely

Mrs Adina Hughes
