> I live at the top of Marcus close. I bought my property because of the location and quietness of the area . There is a field and a small play area . This is enough for the small community that live up here.

> The proposed plans show a school and a care home just a three minute walk away across the field! The natural area will be ruined. The increased amount of traffic through the woodland close by and field and play area will ruin it's tranquility. Most if us have dogs and use this for exercise too.

> Now, you can stroll and find a peaceful landscape. This will sadly change if the proposed plans go ahead . Housing will add to this horror.

> I am against the plans and would probably end up moving . It is a shame landscape is constantly ruined just to accommodate more and more .
