Dear Mr Rand,

RE: Revised proposals providing alternative access point to Chalkstone Way at its roundabout junction with Millfields Way.

I currently commute along Chalkstone Way to work in Bury St Edmunds. Traffic is already heavy in the morning due to the 2 schools. It is already challenging trying to turn right into Wrattling Road. There simply is not the infrastructure to accommodate the additional traffic as a result of the 2500 homes at this roundabout.

Has there been any monitoring of the current traffic in this area?
Surely access needs to be at Ann Suckling Road "town bypass"?

Yours sincerely,

Kirstin Walker
