Thanks for the update and I totally agree that the work that has gone on to change the development to meet needs of new and old residents has basically meant that it now is, apart from a few tweaks as you mention, satisfactory as far as I am concerned.

Whilst a large development, and in view of the lack of adverse consultation comments on the reserved matters application (DC/19/1940/FUL) despite my publicising it through social media several times, I am withdrawing my call-in request for this to be taken to Development Control and instead allow it to be determined under delegated authority as deemed fit.

Regards

John
