For the attention of: Ed Fosker

Dear Ed,

TOWN AND COUNTRY PLANNING ACT 1990 CONSULTATION RETURN: DC/21/0403/ADV

PROPOSAL: Application for advertisement consent - 43 flag pole signs

LOCATION: Land Ne Haverhill Wilsey Road Little Wratting Suffolk

ROAD CLASS:

Notice is hereby given that the County Council as Highway Authority have reviewed the application documents including the Location Plan which is at a scale of 1:2500. It has not been possible to ascertain where the proposed flag poles will be located in relation to the highway.

Clarification is sought as this has highway safety implications.

The Highway Authority cannot make further comment until more a detailed plan is provided. Without Highway Authority approval, it would be unlawful to locate the flag poles in the highway.

Although some dimensions have been provided the above ground profile of the flag pole signs have not been shown. We would like to establish the minimum height between ground level and the bottom of the flag signs please to ensure that, if they are located in an area of public movement, sufficient headroom would be provided.

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the Highway Authority.

Yours sincerely,

Mr Peter Bradfield
Development Management Technician
