[THIS IS AN EXTERNAL EMAIL]

Dear Kerri,

Re: The Fox P.H, Haverhill Road.
DC/20/0479/FUL

Hope you are keeping well. Further to our telephone conversation last week and comments from Hen Abbott, please find attached our amended drawing No. 2234_12 Rev A.

As Hen explained in his email, unfortunately the Highway / pedestrian route has not been confirmed, therefore I am unable to show the new access layout with visibility splays. As he recommended I have added a note saying that this is to be agreed with highways. I have shown our boundary in red, along with highways in green. I hope this is sufficient.

I have increased the size of the parking bays to 2.5x5.0m, adding one more motor cycle space and doubling the cycle parking. Unfortunately this meant that one carpark space was lost, however as discussed you were not to worried as we are trying to encourage people walking or cycling to the site.

Please let me know if you require any further information.

Kind regards,

Mark Waudby
