

This drawing is the copyright of the architect JBA. All dimensions and conditions to be verified on site by the relevant Contractor prior to proceeding.

Standard industry solutions apply unless otherwise stated. All dimensions are in millimeters and are to structural faces or centres unless otherwise stated. not to finishes unless otherwise stated. Survey by others.

This drawing must be read in conjunction with all other relevant drawings and specifications from the Architect and other consultants. If in doubt, ask.

Diagrammatic in-situ section of levels

Main level (flat) connection route
 Slope down 1:40 Falls 0.25m over 10m length
 Ramp down 1:20 Falls 0.5m over 10m length

0.00 Relative internal ground floor finished floor level
 105.50 Approximate absolute ground floor finished floor level

Generally internal finished floor level to be +0.0 to +0.1 above existing external ground level. All thresholds to be level and accessible as Part M, with connected slot drain and external finish to fall away from building. Landscape detailed design to achieve the above.
