> Dear Penelope,

> This is just to say I am involved in work connected with people living with dementia in Suffolk & beyond and personally feel a facility such as this would be a real benefit to the people in the county.

> The approach is both kind and unique offering people the opportunity to live their best lives in a safe & enjoyable way.

> I've also suggested the build includes consideration of things to do with nature and conservation, particularly swift boxes as the species are often overlooked in new buildings and I'm sure residents would thoroughly enjoy their spectacular flying displays!

> All good wishes,
