Attachments: Car Park Assessment - Revised Layout Unit 1 and 2 - 22 April 2020.pdf

[THIS IS AN EXTERNAL EMAIL]

Dear Kerri

Following from the request from the Public Health and Housing Officer please find attached the updated car park assessment, prepared by Sharps Redmore. The changes to layout of Units 1 and 2 make no difference to the overall noise levels. The assessment is very much worst case as it assumes that maximum activity will occur at all units within the same hour. In practice this will not occur especially during the night time period.

I trust that this will answer the comments made by the Public Health and Housing Officer; however should there any further queries regarding this please do not hesitate to contact me.

Regards,

Andy Smith
