Subject: RE: Meeting on the 16th

Hi Penny,

Please could the following be added as an addendum to my original comment.

In relation to planning application DC/20/0614/RM. I have serious concerns regarding the provision and safety of cyclists and children wishing to travel/walk to Samuel Ward Academy. The Persimmon development is significantly increasing footfall and the resultant increase I believe constitutes cause for concern. The cycle lane provision across the Persimmon site abruptly ends on Anne Suckling Road. Whilst this is outside the area relating to the infrastructure plan, I do feel that additional and proper consideration of amendments to Anne Suckling Road is needed, not just in terms of mitigation of increased traffic flows and the need for raised tables and suitable crossings ie Tiger crossings. Rather it us cyclists whom I am concerned about, in particular students of Samuel Ward Academy who whilst clearly provided for within the Persimmon development are not provided for along Ann Suckling Road or Wratting Road.

I believe the cumulative impact of increased flows present significant danger to cyclists/pedestrians and additional provision is needed to make this road safe.

Kind regards

Joe Mason (Cllr)
