Dear Ms Hopkinson

The Chairman of Kedington Parish Council has been in conversation with another party concerning the above planning application. I have been on line to view this application and see that there is a proposal to build low cost social housing in with middle cost/executive housing. It is not apparent from the information on line just exactly how the proportion of housing will be broken down.

Would it be possible please for you to provide this information. It may be that Kedington Parish Council would like to make some comments and I believe the deadline for this is Wednesday 20th October 2010.

I
look forward to hearing from you.

Regards

Marion Farrant - Clerk

Kedington Parish Council
