Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

- Noise
- Plan queries
- Traffic or Highways

Comment: The relief road adjoining Howe road what consideration been made to this road being used as a "cut through" to A143 and A1307.

What traffic calming measures plan to be in place?

In relation to the bottom of Howe road how will the infrastructure be altered? as there is already congestion at the traffic lights in this area at peak times.

My concern relates to traffic on Howe road with the residents of the proposed plan requiring access via Howe road to A1307 Cambridge and the same for the primary school and A143.

I object to the proposed relief road joining Howe road for reasons of increased traffic, pollution, safety of cyclists and pedestrians.
