Subject: FW: Strasbourg square development

Hi Chris,

Nice to see you again after our meeting at the beginning of the year regarding Strasbourg square and it was good to see your latest ideas for development in Strasbourg square last night. Especially the new parking bays that are going to be added to ease the parking problems we already have.

We welcome your hard and concerning effort in changing a building that is run down at the moment and making it something modern and hopefully bringing life back into the Square. Something that has been missing since the pub closed down.

The only concerns we have at the moment is with local residents taking up around ten spaces in the car park every night because of lack of parking on the estate. I know this is something we have talked about and it's something perhaps St Edmunds borough council could address in the future.

All my Staff and I would like to wish you good luck with your planning application.

Regards

Glenn Edwards

Address *53 Ichleton Place*

Comments

*Looking very promising, unsure
about the amount of parking facilities
but would hope that facilities will
fill the area around and will fit
in with this development i.e
volume and amenities of further
development.*

Lights

the idea of the flat Roof is brilliant

More parking is great and the idea

is good via the plans that i

have seen tonight

The parking would be good

for residents also for others

who live near to have parking

like you are going to provide

ways (Millfield way)

Comments

WOULD BE GOOD TO INCREASE THE RESIDENTS
PARKING FOR THE EXISTING HOUSES ON MILLFIELD
WAY.
OVERALL NOT A BAD PLAN.

Address 54 Elmton Place

Comments

I think in theory this is a really good idea but I am concerned about the people who will be living there. Or people buying them to rent out

I think the area will be a lot better for it ~~going to be~~ getting redeveloped.

Building looks good. a good idea
for new use of building, proposed
improvement to parking is a good idea.
