Dear Penny,

Please find attached a copy of our Site Plan RH101-P004 revised to show the following:-

- New planting areas.
- Parking bay in front of the recycling bins.
- Indicative lighting proposals (for later detailed design).
- Proposed surface treatments.

For clarity the existing parking spaces have been removed from this drawing and added to the existing site plan RS-1012-01A, which is also attached.

Would you please substitute these drawings for the previously submitted site plan but if you require any further information please let us know.

Regards
