Comments

Further to a second re-consultation received in respect of the above I have reviewed the above application again and on behalf of the Private Sector Housing and Environmental Health (PSH & EH) Team

wish to re-confirm I have no other comments to make further to those I submitted via the Public Access website on 31 January 2023.

This re-consultation appears to be as a consequence of a number of amended site and other plans / drawings and other supporting documents having been provided in support of this application at the beginning of May 2024 - these are noted but don't impact on or alter my previous comments, I therefore have no further comments to make at this time, save to confirm my original comments / recommended conditions therein remain.

Kindest regards,

Dom
