Comment: Hello Apryl,

As the local councillor for the area consultation, I am strongly objecting to the installation of a new permanent electric pole and overhead cable being in what will be the middle of a housing estate with thin roads and a built up busy area that will be very near a specialist Free special school. There will be long term weekly Freighters, builder lorries for extensions, parcel delivery lorries and vans and builders lorries, removal lorries short term. As in many other new estates these cables are underground as these cables should be.

kind regards

Cllr Pat Hanlon

Haverhill East Ward.
