Comment: The Town Council welcomes the new design and are supportive of this development, which is a significant improvement for an important gateway to Haverhill.

The Town Council 's primary concern is over the safety of vehicles emerging from the Public House onto the public highway. The Town Council suggest that the safest option would be best achieved through an additional new arm on the proposed roundabout.

If this is not considered possible, then the alternative suggestion is the construction of a safe haven in the centre of Haverhill Road, which would serve to prevent right hand turns both in to and out of the proposed entrance to the Pub car park. This safe haven would facilitate safer crossing of the highway for customers. The presence of the new roundabout serving the Gt Wilsey development means it is very easy for vehicles travelling northbound to simply turn at the roundabout and make a safe turn left into the car park. Similarly, vehicles exiting the car park wishing to travel North would go round the adjacent roundabout and head North.

The Council would welcome Highway's comments on this.
