Notes

Based on site plan by Wellsfield Architects  
 To be read in conjunction with  
 Tree report by Moore Partners  
 in line with BS5837:2012  
 Original is in colour a monochrome  
 copy should not be relied on.  
 A topographical survey was  
 available for some of the tree positions within  
 the site. The trees not on the survey, were measured  
 using simple triangulation techniques.  
 Though care is taken discrepancies  
 can occur and if great accuracy is needed  
 a topographical survey should be  
 commissioned.  
 Dimensions should be verified on site.
