## **Comment Details**

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

- Parking issues

Comment: I object to the additional staffing as parking is a problem at present. Your conditions stated that additional staff or visitors should use the public car park in the town and walk to work already we are having issues with parking where people are parking on our driveway stopping us entering our own property. There are only 2 parking spaces for 2 small cars. Photos are available if needed. Can't find anywhere to included photos. I do expect to come and go from my own property without any interference. Additional staff mean additional parking problems.
