On Behalf Of: Parish Council

### **Comments**

OBJECT:

The Town Council continue to object to this application on grounds of insufficient parking provision.

Although mentioned in an email that there were photos of parking submitted by the applicant, these were not available on the portal, therefore members were unable to consider whether the amendment addressed concerns over parking. It was also considered that the detached garage is not within the property grounds and therefore cannot be considered as part of the parking provision. Furthermore, the age and size of the garage may not meet current parking size standards.
