Dear Andy,

Thank you for your time on 7<sup>th</sup> August.

As a means of an update, and as discussed at our meeting on 7<sup>th</sup> August; our consultant team are continuing to progress our written response to the ES consultation response. As discussed, we are working towards the submission of our Reg25 response within the next month, however this remains dependent upon the availability of the EA to meet with us. We are presently pressing them for a meeting, and thank you also for contacting them on our behalf to push this along.

We are committed to working closely with LPA to ensure that this application can be determined in a timely manner, and look forward to meeting with you again in the near future.

Kind regards,

Sophia
