Dear madam / sir,

SCC/0017/25SE

I strongly oppose the request to develop the Waste management centre at Falconer Road. What a shocking eyesore this. This is destroying our wonderful walks over the bridge and has completely ruined the nature walk. We have already been penned in by Culina, Sanofi and other industrial monsters, so the last thing we need is this awful waste site on our doorstep. Would you like to use my garden? You may as well if you allow this monstrosity to continue.

Faithfully

Kate Butler
