Comment:I object to this phase of the development being started before the country park is developed and planted. There are far too many instances of developers building homes with promises of future infrastructure only to be subsequently abandoned. They promised to develop the park before building this phase of housing and they should be made to keep that promise.

I also object to high density rental housing in the corner block at the junction of the tree belt and planned allotments. This does not blend in with the environment in line with the outline planning permission. Furthermore, when I attended a previous presentation held by the developers at the town hall it was not on their plans. I was told then it would be executive housing backing to the tree line in the vicinity of the allotments and the golf course.
